Hellyer College

## ART PRODUCTION

This course consists of four compulsory units:

1. Visual Thinking – Interpreting art
2. Investigating and interpreting through art making
3. Art in context
4. Realisation and resolution

These units are studied through practical and theoretical activities.

Students will be required to produce a display and portfolio of art work for internal and external assessment.

The theoretical component includes developing a journal of ideas and support material, along with a number of assignments which will be included in the final display folio.

The practical component involves art making in **one** studio area, chosen from Digital Media, Photography or General Art.

**Digital Media** can include the use of:

- Graphics
- Video
- Animation

**Photography** can include:

- Traditional black & white printing
- Digital printing

**General Art** can include:

- Drawing
- Painting
- Ceramics
- Sculpture

## TO ENROL IN THESE SUBJECTS YOU NEED:

- A high level of competence attained in Visual Art during Year 10  
or
- A good result in Visual Art or Art Practice in Year 11.
